

Star Early Learning Philosophy

Here at Star, warm, trusting relationships are at the heart of our philosophy. We practice primary caregiving to uphold the mana and belonging of tamariki, to learn, develop and grow in their own time. We believe with whanaungatanga our whānau and community can come together, building aroha, warmth and trust.

Our nurturing rituals guide our day ensuring care moments are consistent and predictable, encouraging a sense of belonging.

Tamariki at Star are immersed in an environment that inspires a sense of wonder, playfulness, compassion and connections to nature. Our space provides the opportunity for tamariki to explore, and the freedom to unfold naturally.
